

MAYB MARCH MADNESS

ANDALE-COLWICH

March 5-6, 2016

The communities of Andale, Colwich and St. Mark's are proud to host the 14th annual March Madness basketball tournament on March 5-6, 2016. This tournament continues to be one of the larger winter MAYB events. Last year, 28 teams competed in seven girls and boys divisions. Seven championship games were held on Sunday, featuring player introductions for both teams during the awards presentation.

Individual and team trophies are awarded for first place, with medals for runner-up. Dependent upon number of entries, larger divisions feature A and B brackets.

Site directors are available at each gym to assist you and provide directions and information about local merchants who support the event. Food and gas services are conveniently located between event sites.

We would like to thank MAYB for allowing us the opportunity to host the event. This tournament attracts many repeat participants who provide positive feedback about the experience.

We look forward to another successful tournament this year!

Bob Mobley, Tournament Director
